Sir,

I beg to invite the attention of the Board to the correspondence ending with B.P.Mis.No.185 dated 25-1-1926, in regard to the treatment of local fund roads passing through inam and ryotwari lands in the Trichinopoly district. According to the instructions contained therein, where there are no objections, the local fund roads are to be separately subdivided and registered as local fund road poramboke and in cases of dispute, the disputed boundaries are to be determined by the Survey Officer under sections 10 and 11 of the Survey and Boundaries Act, and the registry should follow his decision.

In the course of resettlement operations in the non-resurveyed areas of Mangalore taluk, there have come to notice cases of maintained roads passing through ryotwari lands, not acquired by the local body either by private purchase or under the provisions of the Land Acquisition Act, and not separately subdivided and demarcated by the Revenue Department. I think that the adoption in South Kanara of the procedure followed in Trichinopoly might lead to considerable opposition. Perhaps such local fund roads need not be separately subdivided but shown only as detail.

I request the favour of instructions in the matter.

Sir,

Settlement - Resettlement - South Kanara District Mangalore Taluk - Non-resurveyed areas - Local Fund roads passing through ryotwari lands - treatment.

Board's Refce.G.No.1915-31-1, dated 1st June 1931.

The President, District Board, South Kanara is of the opinion that it is enough to show the roads in question only as detail with a remark in the land registers against the lands concerned that their portions are covered by the local fund road. The President, Taluk Board, Mangalore, fears that complications may arise if this is done. He is for the adoption of the procedure outlined for the Trichinopoly District as it seems that in almost all the cases the owners of the lands concerned have consented to surrender to the local body the portions covered by the roads

2. I agree with the Revenue Divisional Officer, Mangalore that it is enough to show the roads as detail unless the District or the Taluk Board applies for their survey in which case the procedure prescribed for the Trichinopoly District may be followed.
